## 6. Clowns Day during Happiness Week Celebrations

**September 11<sup>th</sup>-16<sup>th</sup>, 2017**

The students of the Department of Human Development and Family Relations turned into clowns in colourful and funky outfits with funny and attractive props. They could be seen playing around, and doing pranks with whosoever they met in and outside the rooms and office, Chaitanya Laboratory Nursery School and were busy spreading laughter. The clowning activities started the moment students and teachers entered the college in the morning. The activity broke the monotony of the otherwise busy routine that sometimes take a toll on them. These clowns from B.Sc. HDFR 3rd Semester, M.Sc. HDFR (1st and 3rd Semester) and Post Graduate Diploma in Child Guidance and Family Counselling acted as stress busters for many and in this life, full of hustle and bustle made them realize that life is much more beyond this. Not only the students but even the faculty members of the department and other teachers of the college were seen enjoying with the clowns. The clowns kept the Principal of the college, Prof Sudha Katyal busy by hugging her and making sweet gestures.

**Chandigarh:** With an endeavour to sensitize the students about the concerns related to COVID-19 and generate awareness about the precautionary measures that must be adopted, Government Home Science college, Sec 10, Chandigarh, organized a competition on digital collage making on the theme COVID-19.

The theme was chosen to highlight the seriousness of the pandemic and to make masses aware of the globally growing cases that need urgent attention. The students actively participated in the competition and beautifully designed colourful collages depicting the origin of pandemic, how it could be prevented and what should be done to stay positive and optimistic during this difficult time. All participants effectively used digital platform as most of them lacked resources like paints, brushes and canvases during lockdown.

In addition to this, under the dynamic leadership of the Principal Dr. Sudha Katiyal, the faculty and students of the college developed and shared YouTube videos related to relevant themes like how to stay fit and mentally healthy during pandemic, how to clean and sanitize your mask, ensuring food safety during covid-19, how to disinfect your food supply during covid-19, yoga and aerobics and how to make organic hand sanitizer to name a few.

Consistent efforts were made by the students and faculty of the college to serve the masses in whatever humble way they can do during the pandemic. In this regard, NCC cadets and students of the college stitched approximately 1000 masks for distribution to the masses. Principal of the college, Prof. Sudha Katiyal, encouraged the faculty and students for making efforts towards keeping the society aware of the Coronavirus pandemic even during lockdown. She emphasized on proactive role of home scientists as counselors, dietitians and fashion designers to help people stay fit, healthy and positive during this difficult time.

## 95. Home Science College Celebrates Eco-friendly Diwali

7.11.2020

Government Home Science College in collaboration with Yuva Satta NGO organised a Green Diwali Awareness Campaign. NSS volunteers of the college participated enthusiastically in the rally at Sukhna Lake holding colourful posters displaying a slogan 'Say No To Crackers'. They also distributed 'Stop COVID-19' Masks and sanitizers to the general public. This noble activity was conducted in collaboration with the Department of Environment, Chandigarh Administration. As the festival of Diwali is approaching, NSS volunteers also sensitized and motivated the masses to do their bit in making the environment clean and green by celebrating 'Green Diwali' and avoiding bursting of crackers. Prof. Sudha Katyal, Principal of the college, applauded the efforts of NSS Volunteers and also urged everyone to celebrate Deepawali at their homes safely with sweets and diyas instead of bursting of crackers.
