# ART AND NATURE

---

- ❑ Nature in art can take many visual forms, from photo realism to abstraction.
- ❑ Art can mimic nature by seeking to visually replicate objects as they actually appear in real life.
- ❑ Art can help us become more conscious for our true relationship with the nature.

- 
- ❑ It is certainly important to feel a connection to the natural world.
  - ❑ The first step to creating art based on the nature is to spend time with the nature.
  - ❑ Making art from nature returns us to our natural roots, bringing the artistic process back to basics.

ART WITH PURPOSE

# ART WITH A PURPOSE

---

- Art can open our eyes to the intricacy and beauty of the natural world.
- It can be shown in a simple picture that appreciates nature for what it is...
- Or it can be a challenging piece expressing our complex human connection in nature.

- 
- Art can serve a purpose beyond being an object of beauty.
  - Art has the ability to interact with and educate the viewer about the environmental issues, spreading information about such important topics.
  - Art can help renew, spark anew, our connection with nature.

# IMPORTANCE OF NATURE IN ART

---

- ✘ Art involving nature can be done simply to display the beauty of natural world around us.
- ✘ It makes the scientific observations in the environment easier.
- ✘ Nature in art is important as it helps to open our minds to philosophical ideas about our own connection with the nature and beyond.

- 
- ✘ Art not only imitates nature, but it also completes its deficiencies.
  - ✘ The above line can be interpreted as art not only recreating the natural world but also creating new ways in which to see it in another light.
  - ✘ Art is the missing voice of what nature lacks to speak.
