Profile of the College

Government Home Science College is one of the pioneer institutes in Home Science in the country. Since its inception in 1961, it has grown into an excellent educational centre satisfying the professional and specialized needs of the contemporary woman. The then dynamic Chief Minister of undivided Punjab, Late Sardar Partap Singh Kairon, was instrumental in establishing this prestigious institute which has undergone a long successful journey of expansion. Starting with a three year degree course in B.Sc. Home Science, it expanded its horizons in the true sense by offering a revamped undergraduate programme in B.Sc. Home Science by moving it towards specialization to make it career oriented. Need based changes have been introduced as five specializations namely Apparel and Textile Design, Dietetics, Human Development and Family Relations, Interior Design and Resource Management alongwith a B.Sc. Home Science Composite course. The college offers an undergraduate degree courses in Fashion Designing and Postgraduate degree courses in Clothing and Textiles, Foods and Nutrition, Human Development and Family Relations; Postgraduate Diplomas in Fashion Designing, Nutrition and Dietetics and Child Guidance and Family Counseling . A Ph.D. programme is also offered.

The latest development is the introduction of B.Sc. (Hons.) Home Science and B.Sc. (Hons.) Fashion Designing in accordance with the Choice Based Credit System module suggested by UGC from the academic session 2017-18. The College runs a laboratory Nursery School, Chaitanya, with 50 students on its rolls, attached to the department of Human Development and Family Relations, to impart practical training to its students. The college has made its mark through its participation in the Adult and Community Education Schemes of Panjab University and offers short term training to the Gram Sevikas and Associate Village Women of U.T. Chandigarh, besides undertaking projects offered by various Universities.

Home Science is a unique field of knowledge. Its inter disciplinary approach in synthesizing knowledge drawn from physical and biological sciences, social sciences, arts and humanities has enriched its educational programmes and also caters to the present day needs of education in order to meet the rapidly changing demands of family life and the multiple roles that women have to play in home as well as professional life. The different areas of specialization also concentrate on providing suitable training to the students for various job opportunities. The trained graduates and postgraduates are absorbed in hospitals, industrial units, hotel industries, and health fitness clubs and also as teachers, counselors, sales managers, designers, consultants and field workers in extension education and community development programmes.

Over the years, the college has built up great credibility and gained recognition as a premier institute for education, research and extension work. The beautiful spacious college and hostel buildings offer a peaceful, serene yet stimulating environment to the students. The campus is endowed with well manicured lawns, spacious lecture theatres and laboratories which are a delight to work in. The faculty comprises of very well qualified and experienced members, instrumental in imparting a high

standard of education to its students. The faculty also participates in national and international conferences, seminars and workshops and has technical and professional affiliation.

In anticipation of the changing environment and also the changing skill requirement of professionals, the curricula has been revised to make it more relevant, holistic, contextual and specialized. The college offers facilities for academic excellence as well as cultural enrichment of the students to build a multifaceted personality and prepares them to face the challenges that lie ahead.

Principal's Desk

Govt. Home Science College, Chandigarh is one of the oldest and finest in its field in India. Since its inception in 1961, the college is marching ahead with gigantic strides. Our college has always strived and succeeded in attaining newer heights. We are here to achieve the highest standards in education through our well designed and enriched curriculum which caters to professional and societal needs of contemporary women. The college offers an array of higher educational options including Ph.D. in Foods & Nutrition, Human Development & Family Relations and Clothing & Textiles.

The college also stresses and promotes extracurricular activities and has facilities for various indoor and outdoor games. This diverse inter disciplinary approach of imparting education with co-curricular activities leads to holistic development of the students making them confident home makers, successful entrepreneurs and leaders in all spheres of life.

The college motto - Knowledge for Service- stands for the spark that ignites and motivates us to give our students academic excellence as well as cultural enrichment to build holistic and multifaceted personality to face the future challenges and serve the society to make it a better place.

Department Profiles

Clothing and Textiles

In order to cater to the needs of the textile and apparel industry, the department has started a specialized and focused course in Apparel and Textile Designing. The department also offers a specialized undergraduate course in B.Sc. (Hons) Fashion Designing which receives an overwhelming response. The postgraduate courses being offered by the department include M.Sc. in Clothing and Textiles and PG Diploma in Fashion Designing. These courses give an in-depth knowledge of textile science, fundamentals of apparel design, construction techniques and fashion merchandising, which enable the students to take up the jobs in the related fields.

Besides being equipped with starting their independent enterprise at the end of the course, the students will also find excellent career opportunities in textile and apparel designing, manufacturing, quality analysis, fashion designing, retailing and merchandising.

The department has the Panache Club which undertakes various activities like Tex-Style week - interclass competitions, Aakriti-the annual fashion show, seminars, workshops, talks and educational trips. There are well equipped labs for Garment construction, Fabric construction, Dyeing and Printing and Textile Testing. To keep up with the latest technology in the field of Clothing and Textiles, the department has a computer lab equipped with latest softwares like Tuka-Cad, Tuka-Studio and Richpiece for apparel and textile designing. The department also undertakes community outreach activities to teach various textile designing techniques to rural women for capacity building.

Foods and Nutrition

Foods and Nutrition Department offers a two years Masters degree in Foods and Nutrition and Post Graduate Diploma in Nutrition and Dietetics. Both these courses offer excellent placement opportunities and cater to the demand for specialized expertise at National and International levels in various institutions and organizations like hospitals, health clinics, schools, vocational programmes, projects and non-government organizations.

In the light of the changing time trends, vocationalization and increased awareness about health and disease, the department lays emphasis on specialized undergraduate courses in Dietetics to equip the students with the latest skill set. The department also encompasses the societal needs by running a diet clinic wherein dietary counselling is carried out for different age groups and diseases. The curriculum is innovative and has a strong practical base to keep pace with the dynamics and changing educational and professional needs in the field of nutrition and health care. The students get hands on experience in running of a cafeteria/small scale food service outlet, to hone their Entrepreneurial Skills.

This equips the students to translate theory into practice and develop their skills for placement opportunities in various hospitals and health care facilities. They are trained to be absorbed as nutrition and health experts in various health clubs, schools, NGOs. Cookery competitions, seminars, workshops, lectures are organized by the Ginger Club of the department round the year which entails active participation by the students and society at large. The club boasts of more than 100 members. To ensure effective facilitation of the curriculum and extension activities, the department has 4 well equipped labs besides smart class rooms for teaching theory through the ICT technique.

Family Resource Management

It is the dream of one and all to have a functional, aesthetically furnished, economical and technically strong house. This dream can come true by doing specialization in 3rd year of B.Sc. (Hons) Home Science in Interior Design and Resource Management. Management of a home involves the use and creation of resources to achieve goals. Resources are the means to achieve goals but they are becoming scarce and limited, both quantitatively and qualitatively. Thus the optimum use of resources, ways to increase their availability and conservation is the need of the hour.

The profession of Interior Design has a lot of scope since it is relatively new in India and is developing fast. It has gained enormous popularity. The students study courses related to Interior Space Planning, Design and Display Analysis, Interior Decoration, Furnishings and Furniture Designing, Household Equipment and Ergonomics. Students gain practical experience by preparing drawings of both residential and commercial sectors. They also study Computer Aided Design (CAD) in detail, which helps the student to make their work more professional in order to meet the current market demands and to increase their job prospects. Thus, the courses offered by the department encompass in depth knowledge of Resource Management and Interiors.

This course provides outlet for numerous job opportunities in private (Corporate and Commercial) and public sector. The students can work as free lancers or can also be co-workers with architects, contractors, interior decorators and real estate companies. Teaching in schools, colleges, polytechnic institutes can be another attraction after studying these courses. Hence it is not only a creative, innovative and interesting field to study but has enormous job opportunities as well.

Infrastructure of the department includes four well-furnished labs viz. - Family Resource Management Lab, Furnishing Lab, Design Studio and Computer Lab along with smart class rooms for theory classes. The department has "Creatrix" club which holds various activities like competitions, workshops, exhibitions, group discussions, seminars, extension lectures, theme decorations etc. throughout the session, to upgrade the knowledge of the students and to make teaching-learning more effective and stimulating.

Human Development and Family Relations

Given the changing trends and the ever increasing requirement of experts in the field of Human Development and Family Relations, the department has introduced new courses that have wide employment opportunities and national and international applicability.

The course offered by the department provide an in-depth knowledge base and skill training to students to be effectively absorbed in various agencies working with child welfare, social welfare, education and human development.

Courses in M.Sc. Human Development and Family Relations and Post Graduate Diploma in Child Guidance and Family Counselling train the students to take on a central role as counselors, special education experts, academicians, and researchers in the field of family studies, early childhood care and education. Avenues for students also exist in various projects being run for welfare of women, children, and children with special needs by National and International organizations such as WHO, UNICEF, NIPCCD, ICCW and ICMR. Many students in the past have been working effectively as Child Development Project Officers in Integrated Child Development Services Scheme. Students also find placements in various Non-Government Organizations, Hospital setups, and Institutes of higher education.

The Department is sufficiently equipped with smart class rooms, conference room, computers, psychological tests and instruments. A laboratory Nursery School, Chaitanya, with 50 students aged 3-5 year olds on it rolls, provide the students an excellent platform to get firsthand experience about observing this age group. It also offers opportunities to the students to plan and conduct stimulating activities for the holistic development of young children. It has dedicated and highly qualified staff which is a good amalgamation of young, energetic and enthusiastic as well as experienced and visionary faculty members.

PERMISSION TO RESIDENT STUDENTS FOR LEAVING THE HOSTEL

Rules with regard to permission to resident students to leave the hostel have been framed by the D.P.I. Chandigarh Administration, as intimated, - vide Memo No. DOI (UT) (CH) 12(12/75), dated 15th February, 1975. The same will be observed by the students.

- Students are not allowed to stay in the college hostel during the autumn break, winter break, summer vacation and after the P.U. Examinations (Theory/Practical) are over.
- Students must get special permission to attend a birthday party or wedding of friend locally or out of station. If at all such permission is granted, it will be subject to the condition of a permission letter received by the Principal from the student's parents and not local guardians

at least four days prior to the date of function and the leave will be granted in lieu of a routine outing.

- Students will be issued a Hostel Record Book, which maintains a complete record of their outings and their conduct in the hostel. The college expects parents to check the Record book for their personal information.
- Parents are advised not to allow their wards to stay out for weekends. In case they wish that their wards may spend their weekends with the local guardians, instructions in writing must be left with the hostel superintendent.
- Parents/guardians must furnish a list of visitors and relatives with their specimen signatures and photographs(of guardians, relatives and visitors) to the Hostel Superintendent. Parent/guardians must specify if the local guardian is authorized to give permission of any kind such as attending parties, going out of station etc. to their wards, failing which students will not be permitted to go out.
- The visitors will meet their wards in the visitor's room or in the sick room in the case of illness. No visitor can go to the students' room.
- Students (men/women) shall not be local guardians unless they are very closely related to the resident student and are elder in age. If male students act as local guardians/visitors they will not be allowed to bring their friends to the hostel with them to visit their wards.
- Admission form for hostel must have the signatures and photographs of the local guardians. The resident students going out to local guardians must get a 'Pass' before they leave and return this pass to superintendent duly signed by the local guardian. These signatures will be tallied with the signatures in the Hostel Admission forms and any defaulter shall be strictly penalized.
- Students going to local guardians and for shopping will have to return by 5.30 p.m. during winter and 6.30 p.m. during summer, else they will be gated.
- No guest is allowed to stay for the night.
- Breach of hostel or college rules shall render the students subject to disciplinary action/expulsion from the hostel and the college.

Note: -

- The Principal has the right to change any of the college or hostel rules at any time without prior notice.
- Parents are requested to make a note of the above rules and to assist their wards in observing the rules and regulations given in the prospectus.
- The Principal can refuse admission to any student without giving any reason.
- The provisions of this prospectus may be altered at any time and such alteration will be binding on all students.
