

Happibo is India's first **Ready to Eat(RTE)**, young children food brand from Bengaluru based **D19 Foods & Beverages Pvt. Ltd.** As moms' led company since 2016, it offers 100% natural, no salt, no sugar and additives free snacks and meals for young children aged between 6 – 36 months. All recipes are typically fruit and vegetable based & have been formulated and scaled up to provide age appropriate taste & texture & to primarily inculcate healthy eating habits as the child grows up.

Kindly visit www.happibo.com and our FB page : www.facebook.com/happibofoods

This is a great opportunity for a **Fresher** or someone with less than 12 months experience and a **Bachelor's or Master's Degree in Food Science & Technology / Food Technology / Food Science & Nutrition** background to be amongst the early employees of a company with hunger and passion to make "Happibo" a world class brand.

Designation : Trainee - Food Scientist / Food Technologist

Expectations :

- ❖ Great opportunity to learn and demonstrate over a period of 12-24 months, investigation, planning, execution, evaluation & reporting skills by :
 - Developing technical competence to manage & lead food manufacturing programs at the contract manufacturing site by maintaining & striving towards systematic improvements in plant hygiene & GMP, product quality, productivity & plant capacity.
 - Actively support the founding members of the company during lab trials, scale-up & eventual launch of new products.
 - Understanding the importance of end – end Supply Chain Management & support in sourcing of raw materials, primary & secondary packaging materials,

logistics of finished goods including adherence to good storage & transportation practices, timely dispatch, generation of proper invoices.

- Developing business development skills including negotiation & influencing skills through interaction with hospitals, doctors, retail stores, e-commerce platforms, customers, upstream & downstream vendors etc.
- Developing ability to work independently with very little direction from founding members, once a responsibility has been taught / demonstrated & assigned.
- ❖ Withstand moderate physical activity requiring agility & dexterity, including periods of walking, standing & bending.
- ❖ **Work Location : 4th Block, Koramangala, Bengaluru** but must be willing to travel for 5-7 days in a month to contract manufacturing site or for sourcing raw materials in South India (Safety & Security of the individual during travel will be given highest priority & company will take care of travel, food & accommodation expenses).

Personality :

- Needs to be extremely confident & outgoing person with a desire to learn & win
- Excellent verbal & written communication skills in English & ability to speak Hindi, Kannada, Tamil & Telugu.
- Must be computer savvy and be able to use MS-Office, esp Excel on day to day basis.
- Must be a team player with ability to cooperate & work with others.

Salary Range : Rs.15000 – 25000 / month, CTC basis, based on UG / PG qualification & calibre and to be decided after interviewing the candidate.

Early stage companies allow employees to play multiple roles and experience various facets of a business. This role will help the selected candidate to develop techno-commercial acumen & managerial awareness through hands-on experience of an emerging food category in India.
