‘Science Club- Pragma’ of Government Home Science College organized Inter-College Science Fest-2022 on the theme of “Integrated Approach in Science and Technology for Sustainable Future”. The event was funded by the Department of Science and Technology and Renewable Energy, Chandigarh. Being a professional college, the integration of science and technology has always been a part and parcel of our academic and co-curricular activities. The rationale for organizing the fest is to acquaint the students not only with the recent technological advancements but also to sharpen their critical bent of mind. The array of events included poster making, essay-writing, slogan writing and sci- toon making. More than 70 participants from across the city from different colleges participated in the event. The principal of the college, Prof. Sudha Katyal talked about the dire need to inculcate scientific temper among the students. Moreover, she motivated the participants to exhibit their creative potential in the upcoming times and congratulated and gave out prizes to all the winners at the valedictory ceremony.

As part of the ongoing celebrations for Poshan Maah, Government Home Science College took the initiative to plant useful kitchen herbs in the herbal garden on the college campus. Ajwain, turmeric, lemon, garlic, lemon grass, basil and cardamom were some of the herbs that were planted. All these herbs find an important place in our diet due to their medicinal and therapeutic properties. Earlier in the month, a demonstration was also conducted on how these herbs could be incorporated in the daily diet. Principal Prof Sudha Katyal encouraged all the staff and students to plant herbs in their kitchen gardens and use them in our diets to help build immunity and prevent against onset of diseases.

In sync with the governments initiative of observing Poshan Pakhwada from March 16 to March 31,2021, Government Home Science College inaugurated the celebrations with planting medicinal herbs in the college herbal garden. The theme of this year's Poshan Pakhwada revolves around "My Kitchen, My Dispensary". Keeping this is mind, medicinal herbs like ajwain, tulsi, Basil, elaichi, lemon grass, parsley and oregano were planted. A number of activities have been planned to help spread the message of use and importance of herbs in our daily cooking. Principal Prof Sudha Katyal encouraged everyone to spread the message of incorporating these medicinal herbs in the daily diet to help in immunity boosting and therapeutic properties.

The sixth day of NSS Camp started with the myriad activities related to recycling and waste management wherein NSS volunteers participated wholeheartedly. Identifying recyclable material as a resource rather than waste, the rationale was to create awareness among various stakeholders to preserve the earth's primary resources.

Recognizing the dire need of preserving our natural resources for our future generations, the first session on “Wealth from Waste” was organized in collaboration with the Department of Environment, Chandigarh Administration and Yuvsatta (a non-government organization). Various Inter-college competitions such as Poster Making, Collage and Best out of the Waste were organized for the students to showcase their innovative and creative ideas centring around the recycling of waste materials in society. The active participation of the students from various colleges along with the creative demonstration of their ideas helped in understanding the urgent need for waste-management.

The esteemed chief guest for the event was Shri Debendra Dalai, IFS, Chief Conservator of Forests, Chandigarh Administration. Under his guidance, the forest department maintains more than 46% green cover in Chandigarh thereby making this city Beautiful a Green City as well. Talking about MCC's initiative of the “Waste-segregation” campaign in Chandigarh, he emphasized that cleanliness is a joint venture and the active participation of the people is a pre-requisite for the desirable outcome. The president of Yuvsatta, Mr. Pramod Sharma, who believes in the Gandhian ideals and working tirelessly for the welfare of the community, also advocated that waste management is the key to the successful implementation of “Swachh Bharat Abhiyan”. Later, the chief guest along with the Principal of the college, Prof. Sudha Katyal presented mementoes to the five best students in respective competitions as a token of appreciation. At his event, Shri Debendra Dalai felicitated the principal of the college, Prof. Sudha Katyal, for achieving the “Best Herbal Garden Award” by the Medicinal Plants Board, UT Chandigarh and Yuvsatta.

Afterwards, NSS volunteers attended a session on the “Role of Sardar Vallabh Bhai Patel in India's Freedom Struggle” by Mr. Mohit Verma, Assistant Professor, Department of Public Administration, PGGGC-42, Chandigarh and the recipient of State Award for Social Service by Chandigarh Administration on Republic Day, 26th January 2021. The session was organized to celebrate “Bharat ka Amarat Mahotsav”, an initiative by the Government of India to disseminate information regarding the rich cultural heritage of India. The resource person showcased the unparalleled contribution of Sardar Vallabh Bhai Patel in integrating almost 500 princely states within the orbit of the Indian republic. He also advocated Patel's idea of plurality, the emancipation of backward communities and patriotism as fundamental principles for the growth of the nation at large.

Importance of Waste Management

Home science College organised Migratory Bird watching and Swachhata Walk at Sukhna lake in collaboration with the NGO Yuvsatta and Department of Environment, Chandigarh Administration. Over 40 students along with faculty member Ms Seema Jaitely enjoyed sights of hundreds of migratory birds who had come to Chandigarh from far off places. The Chief guests of the events were Mr. Debendra Dalai, CCF, Director, Department of Environment, Chandigarh Administration and Mr. Kulbhushan Kawal, an environmentalist. Addressing the young students, Chief guest Sh. Debendra Dalai shared that every year, with the onset of winter, hundreds of migratory birds flock to Sukhna lake from far-off place and other water bodies in the sanctuary, as Chandigarh is on the flight path of many migratory birds, which fly from Himalayas and even far-off places such as Central Asia, Siberia, Europe, China and Japan. As a measure of staying safe and to prevent spread of novel coronavirus, hand sanitisers and masks were also distributed to the students. Refreshments were also served to all participants. In the end, Pramod Sharma, Coordinator of Yuvsatta-NGO also conducted Placard making competition on the theme Swachhata. Tina of B.Sc. (HSc) 1st year, Prateek and Ekam of B.Sc. (HSc) IInd year won trophies. Principal Professor Sudha Katyal appreciated such initiatives and added that bird watching in the lap of nature has enabled the students to enjoy the environment while taking time away from screens and revel in the stillness of the world around them.

A live session on developing a Nutri Garden to promote good nutrition and health optimization under the ongoing celebrations of Poshan maah was conducted at the nursery of Dr Satish Narula. A retd Senior horticulturist from PAU Ludhiana, he is a consultant Advisor for theme gardens and landscapes for our city beautiful. The founder of Dr Green, he demonstrated the procedure of growing nutritious and medicinal plants and vegetables and the challenges one may face in the beginning. He also emphasised on the importance of keeping plants inside the homes for not only increasing the aesthetic value of our homes but also to keep the air inside fresh. Dr Narula wonderfully demonstrated the plantation of nutritious vegetables like tomatoes, turnip , carrots, radish etc along with their manuring and watering techniques even in places with space constraints. He enthusiastically answered all the queries of over 40 viewers during the session and encouraged everyone to develop a nutri garden not only to be able to eat healthy but also see it as a bonding activity with children. Principal, Prof Sudha Katyal appreciated the time spared by Dr Narula for such a wonderful demonstration. Dr Narula also thanked the principal to have invited him for this opportunity to be able to spread his knowledge amongst the masses.

Government Home Science College organized live workshop cum demonstration session on how to grow Nutri garden and Microgreens by utilizing little spaces in homes. Mrs Amita Bhuwania, a certified holistic health coach who motivated more than 150 households to grow organic veggies and adopt kitchen gardening, was the guest speaker of the session. During the workshop, she discussed the importance of growing kitchen veggies at home. She informed the audience that home grown vegetables are not only organic but also fresh and pesticide free. Moreover the joy of growing and harvesting at home gives the feeling of satisfaction. While growing vegetables at home, one should prefer green leafy vegetables like dhaniya, methi, palak and sarson ka saag etc which take comparatively less time to grow from seeds and can be used as herbs in routine cooking. The seeds of these vegetables are readily available in the kitchen itself. Tips for home composting with kitchen waste were also shared. She gave live demonstration on growing microgreens from vegetable seeds at home. She informed the audience that micro greens are nutritionally dense. They contain 10-40 times more vital nutrients as compared to their fully grown plants. Approximaely, 200 participants registered for the workshop and it was viewed by more than 300 participants. Principal Prof Sudha Katyal expressed her gratitude to the Speaker for insightful session. She said that kitchen gardening not only ensures an inexpensive, regular and handy supply of fresh vegetables but also inculcates the habit of healthy eating.

» 'Plastic ka time up' Campaign (24.10.19)

Uploaded on college website – <https://www.homescience10.ac.in/news-events?page=10>

The Environment Society, Harita, of Government Home Science College organized 'Plastic Free Chandigarh Campaign' to create awareness about the ill - effects of use of plastics. Students highlighted the toxic chemicals that leach out of plastic and harmful effects of its exposure to human health. In sync with National/ Chandigarh administration initiative on ban on one time use plastic, student volunteers attempted to make people aware of the better alternatives than plastic that can be used in our day to day lives. In this regard, poster making and slogan writing competitions were held. More than 100 students participated in these competitions. The campaign was sponsored by State Bank of India, Sector - 10, Chandigarh. Sh. Rajesh Gupta, Regional Manager, SBI was the chief guest for the occasion. Mr Gupta also planted a sapling of Gulmohar tree on the occasion. Environment society of the college also organized Anti - Cracker Campaign before Diwali to make students aware of noise pollution caused by fire crackers. The volunteers also made an effort to highlight the hazards and ill- effects of breathing polluted air, caused especially due to fireworks. Volunteers of environment society also took oath to pledge to protect our environment by avoiding the use of fire crackers on this Diwali. Principal of the college, Prof. Sudha Katyal, appreciated the students for their efforts in creating awareness amongst the masses and further informed the students about the profound and long lasting negative impact on the environment which cumulatively leads to acute health problems.

» **Demonstration on Kitchen Waste to Composting (03.09.2019)**

Uploaded on college website – <https://www.homescience10.ac.in/news-events?page=10>

To give momentum to Poshan Maah under India's flagship programme of **Poshan Abhiyaan**, the NCC Girls Cadets of Government Home Science College conducted an awareness campaign cum demonstration drive regarding composting of Kitchen waste at Dainik Bhaskar Colony of Sector -25-D, Chandigarh. The drive is in sync with addressing the key areas of the Poshan Maah to spread awareness regarding Sanitation and hygiene in every nook and corner of the society and to promote healthy cooking practices among masses. The effervescent team of NCC gave a demonstration to the community women on 'How to use Kitchen Waste to prepare Organic Compost' to meet the goal for sanitation and hygiene at the household level. The viewers were excited and curious to know how it happened. They were provided with Plastic bins and Microbial powder to use their kitchen waste. They were also informed that they can use the compost in their gardens and can also become entrepreneurs by selling compost.

» Awareness on Polythene –Ek Gambhir Samasaya (06.03.19)

Uploaded on college website – <https://www.homescience10.ac.in/news-events?page=11>

The students of **Government Home Science College** organized an extension program to generate awareness regarding **POLYTHENE –EK GAMBHIR SAMASAYA** in Apni Mandi, Sector-15 Chandigarh on 6th March, 2019.

Under the guidance of **Mrs. Shalu**, students conducted a survey on February 20, 2019 to check the use of polythene bags by people. Two target areas were covered, one from market area and another from vegetable market. Students took the initiative to aware the masses about the ill -effects of **polythene bags** on both humans and animals. They also distributed paper bags to discourage the use of polythene bags. A rally was organized in Apni Mandi, Sector -15 Chandigarh followed by distribution of paper bags to vegetable vendors and cloth bags to customers and motivated them to adopt these in their daily lives. Demonstration on making paper bags was carried out. Students also enacted a nukkad natak which attracted a large number of people to highlight the major problems concerned with the use of polythene bags and the various issues it can cause in the near future. Principal of the college, **Prof. Sudha Katyal**, highly appreciated the efforts of the students in making people aware of the disadvantages of use of polythene bags in daily lives. She further motivated the students to continue to spread this message ahead to make this mission a success.

Dear Neha ji,

At the outset, we congratulate you for participating in the Swachhta activities in your college which speaks volumes of your dedication and commitment to make not only your Institution exemplary, but also is an inspiration to your students towards making India a Clean and Green place to live in.

We also appreciate the best work done by you in the areas of Sanitation, Hygiene, Waste Management, Water Management, Energy Management and Greenery Management.

Your ideas and your commitment are greatly appreciated. We wish you all the best in your future endeavours.

Please accept my heartfelt gratitude. Hoping this association continuous.

Warm Regards

Sub:- MGNCRE-MoE GOI –Director Higher Education– Swachhta Action Plan – on 23.8.2021 Reg.

Dear Principal ji,

Greetings from Swachhta Action Plan Project in Ministry of Education Government of India!

At the outset, Ministry of Education congratulates your esteemed institution for being recognized as a Swachh Institution! We value the association with your esteemed Institution. At the behest of your Director Higher Education and Ministry of Education in Government of India we invite you for a **one - hour online Workshop** as part of Swachhta Action Plan on **23.8.2021**. The Workshop details: **Time:** 10:00 am **Date** 23.8.2021 **Meeting Link** <https://meet.google.com/txy-bsqh-mjv>

As part of the preparation, we request you to form **5 Swachhta Action Plan (SAP) Faculty-Student Teams in your Institution separately for Water, Sanitation, Waste Management, Water Conservation and Energy Conservation**. On completion of the workshop and action plan we will be issue a Recognition Certificate of being a SAP Institution. Your Institution will also be eligible for **2021-22 competition at District level** for being **Best District SAP Institution**.

We invite you to participate in this online workshop and make best use of the online programme.

Thanking you,

Yours sincerely,

Dr. W G Prasanna Kumar
