A Report on Student Satisfaction Survey Session: 2022-2023
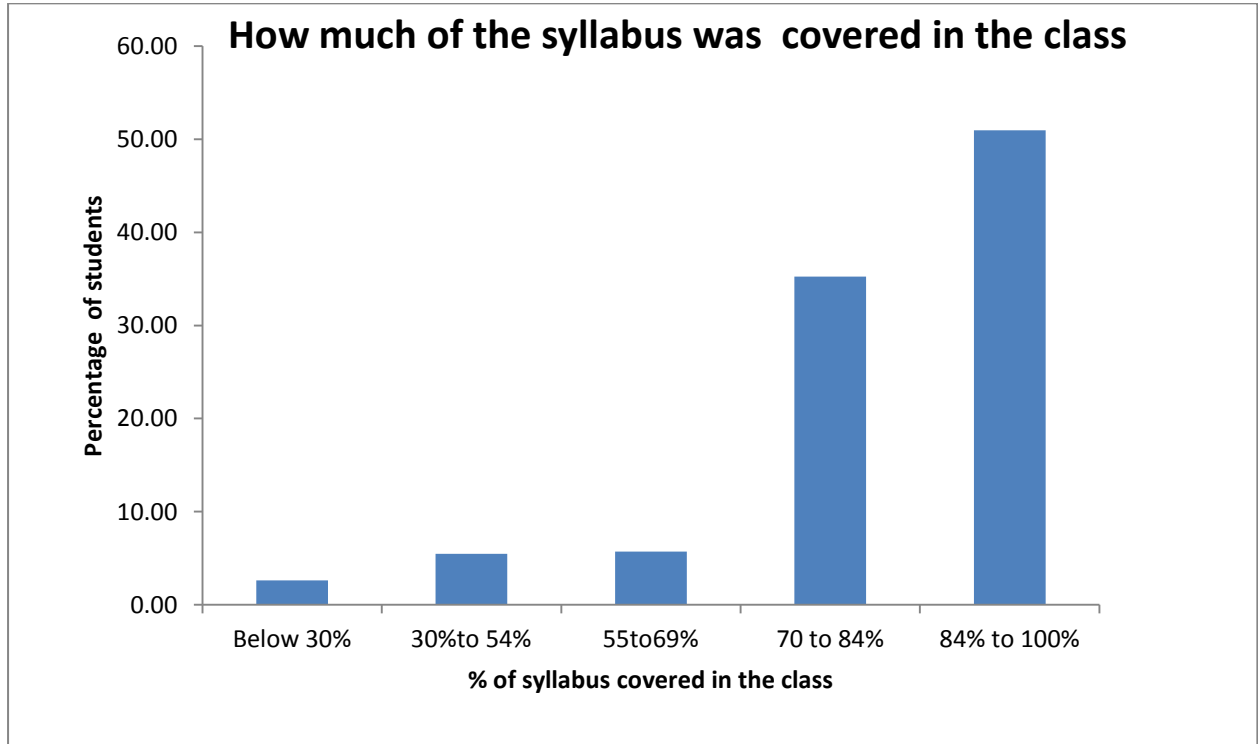

CONTENTS

Introduction

Student Satisfaction Survey (SSS) resulting from evaluation of student's experience based on the facilities and support they receive in the college is very important. It is a valid and reliable tool to understand the key areas for future developments. Thus, it allows understanding the resources for areas that require greater attentions. Thus, it is a direct and useful indicator of the effectiveness of teaching-learning in the institution. The college encourages the students to take active participation in SSS.

Since students are the key stakeholders of feedback process of any educational institution, therefore, their satisfaction survey was conducted for the session 2022-23 i.e. total strength of 459 students. Out of these, 230 students i.e. 50% of the total strength responded with their feedbacks and gave their suggestions regarding teaching learning process, infrastructure and other parameters for the college and hostel. Their responses regarding the same were analysed and are listed in the report.The necessary actions were taken by the college.
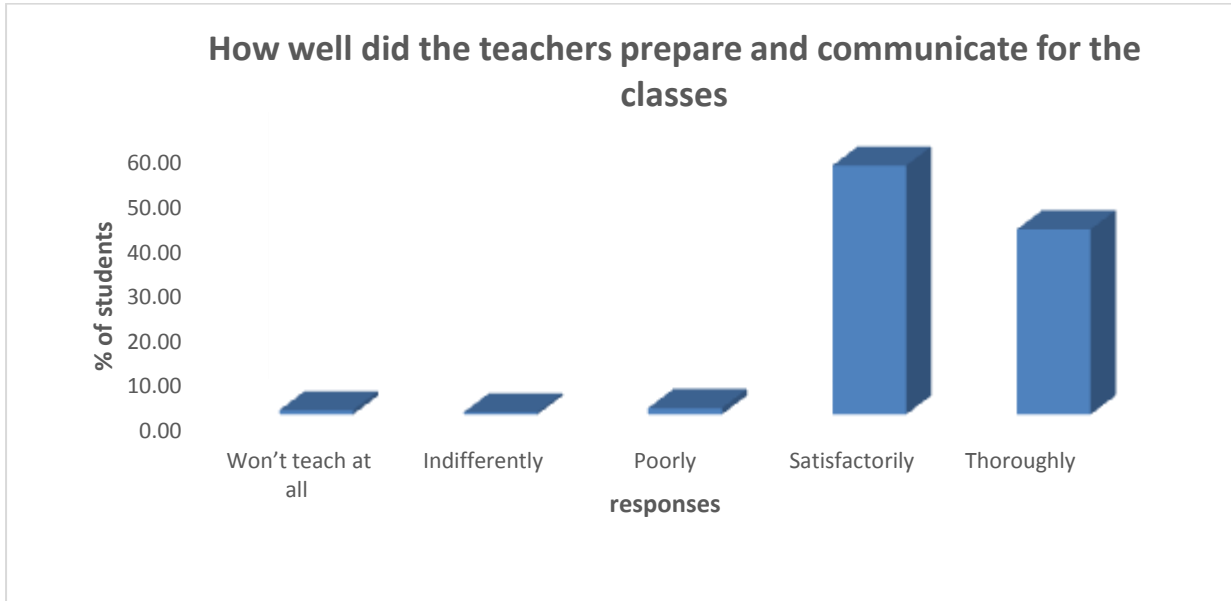

STUDENT SATISFACTION SURVEY 2022-23

## 1. How much of the syllabus was covered in the class

Majority of the the students i.e. 51 % have reported that almost 100 percent syllabus is covered in the class.

The overall quality of teaching-learning process in your institute is very good.

Majority of the students strongly agreed that the overall quality of teaching-learning process in the institute is very good.
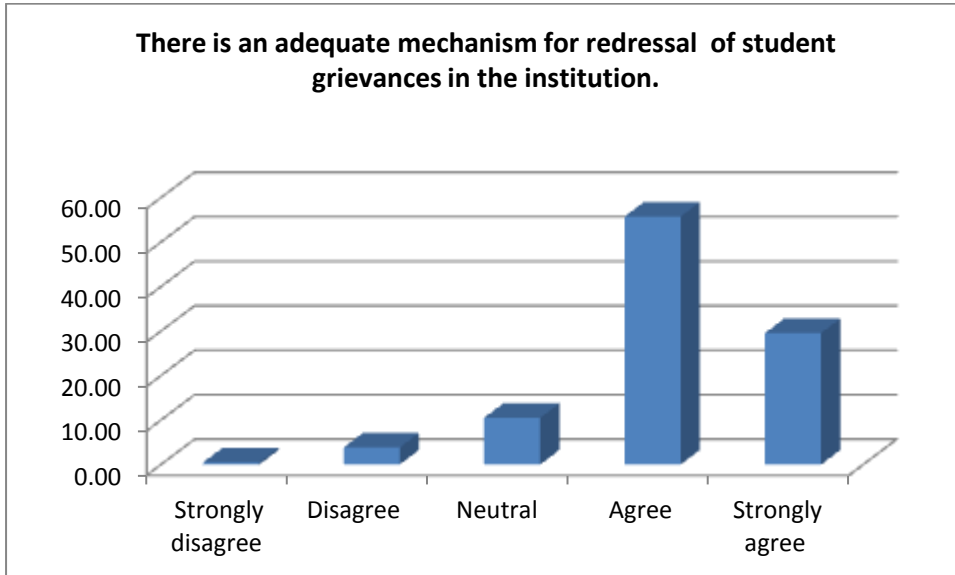

19. College classrooms and laboratories are fully equipped with ICT tools to facilitate teaching learning process.

College classrooms and laborateries are fully equipped with ICT tools to facilitate teaching learning process

More than half of the students agreed that college classrooms and laboratories are fully equipped with ICT tools to facilitate teaching learning process.

20. There is an adequate mechanism for redressal of student grievances in the institution.

More than 50 percent of the students agree that there is an adequate mechanism for redressal of student grievances in the institution.

21. OBSERVATIONS / SUGGESTIONS OF STUDENTS REGARDING TEACHING –LEARNING

The institution has received positive feedback from many students who consider the quality of teaching and learning to be excellent. Students have provided valuable suggestions for enhancing the overall educational experience. Recommendations include the addition of more books and journals to the library, extending library hours to 24/7, providing digital access to books, improving furniture in classrooms and laboratories, and incorporating more ICT in teaching. To address these suggestions, the institution has taken decisive actions. The library has been expanded with the acquisition of various new journals and books. To give access to e-content, library blog, e book reader kindlle and new software has been added in library. Classroom and laboratory furniture has undergone repairs, and steps have been taken to integrate more technology into the teaching process. Additionally, the hostel facilities have seen improvements, with the inclusion of nutrient-enriched food options in the menu and the recent renovation of the hostel kitchen with modern modular facilities. These actions reflect the institution's commitment to continuously enhance the learning environment based on student input.
